### Charging Instruction :

Caution: If there is no response when touching the power on/off button, please charge the device immediately.

Important: Please turn on the power before charging other devices.

Please charge the device at least once every 3 months to avoid the potential damage of battery cells in the power bank.

Please contact your local recycling center for proper way to discard your used device in accordance with local regulations.

### Product Specifications:

Do not charge power bank when there is no person in the room.

When power bank has a peculiar smell, do not use it and ask a professional to recycle it.

When fully charged, please unplug the charger.

Don't put it on the front windshield of the car in summer

For PD20W power bank, do not exceed PD30W, it is best to use standard charger PD20W.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**NOTE:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

Reorient or relocate the receiving antenna.

Increase the separation between the equipment and receiver.

Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

Consult the dealer or an experienced radio/TV technician for help.
